

The [Society of Physics Students](#) (SPS) Advisor and Assistant Professor of Physics at Marshall University, Dr. Sean P. McBride was happy and excited to participate in Marshall University approved face-to-face recruiting events over the summer. At said events he recruited for the Physics Department, which also contains the Marshall University Chapter of the Society of Physics Students. There were four main recruiting events attended, with the largest one being [Rec Fest August 21, 2021](#)! The other three events were held in the Don Morris Room and lobby of the Memorial Student Center on July 15<sup>th</sup> and 16<sup>th</sup>, and August 5<sup>th</sup>. Dr. McBride showed some cool physics demos and also showcased many of the awards and distinctions that the SPS Chapter here on campus has received over recent years.
